BRIEF ABSTRACT OF LETTER.

Requests that separate quarters may be provided for Police Tamaddars in the existing police lines as well as in those to be constructed in future and solicits the approval of govt. for the plan subd.

NOTES AND ORDERS.

It is stated that in places where there are police lines Tamaddars are housed together with constables and that this is detrimental to discipline. With a view to avoid this and to enable the Tamaddars

to maintain their self-respect it is considered necessary, by the I. G. of Police, to provide suitable separate accommodation for them not only in the police lines to be constructed in future but also in those that are already existing.

V The building is to be constructed on a plan similar to that of the Sub-Inspector's quarters in the Madras Presidency, the estimated cost being Rs 1800 in masonry parts and about Rs 2300 to Rs 2700 in the masonry.

3. The I. G. wants that a beginning should be made at once by building quarters in places where they are urgently wanted and by providing two or three such buildings every year.

4 He also wants the approval of Govt. to the plan he has now submitted.

5 The P. W. D. has to be consulted regarding the I. G.'s proposal.

The design has been slightly improved by
shifting the stables from the front of the building
to near the latrine. The estimate has been accord-
ingly revised. This modified design may be adopted.
The cost cannot be reasonably reduced if the build-
ings are to be substantial.
